David C. Whitcomb, MD, PhD

7:45 **Session I: Acute Pancreatitis: Clinical Advances**
Moderator: Gregory Coté, MD, MSc

7:45 Hypertriglyceridemic Acute Pancreatitis
Andres Gelrud, MD, MSc

8:05 Acute Pancreatitis Consortium Studies
John Windsor, MD

8:25 Panel Discussion
Drs. Gelrud and Windsor

8:35 **Session II: Drug-Induced Pancreatitis**
Moderator: Georgios I. Papachristou, MD, PhD

8:35 Pancreatic Pharmacovigilance: Preventing Adverse Drug Outcomes
Joyce A. Korvick, MD, MPH

8:55 Asparaginase-Associated Pancreatitis: A Pressing Problem in Drug-Induced Pancreatitis
Seth E. Karol, MD

9:15 Panel Discussion
Drs. Korvick and Karol

9:25 *Break and Exhibits*

9:45 **Session III: Targeted Treatments for Pancreatic Diseases: How Did They Do It?**

Moderator: C. Mel Wilcox, MD, MSPH

9:45 The Influence of CFTR Modulators on Pancreatic Function

Drucy Borowitz, MD

10:05 Optimized Medical Therapy for Chronic Pancreatitis: A Viable Effective Option

Parmod Garg, MD

10:25 Is the Unfolded Protein Response an Emerging Drug Target?

Peter Wipf, PhD

10:45 Panel Discussion

Drs. Borowitz, Garg and Wipf

10:55 **Session IV: Effects of Diabetes and Obesity on Pancreatic Disease**

Moderator: Zobeida Cruz-Monserrate, PhD

10:55 Physiologic and Genetic Predictors of Diabetes in Chronic Pancreatitis

Mark O. Goodarzi, MD, PhD, FACP

11:15 The Obesity-Cancer Link in Pancreatic Cancer

Stephen D. Hursting, PhD, MPH

11:35 Role of Visceral Adipose Tissue in Pancreatic Cancer

Guido Eibl, MD

11:50 Mechanisms of Obesity Risk for Pancreatic Disease

Zobeida Cruz-Monserrate, PhD

12:05 Panel Discussion

Drs. Goodarzi, Eibl, and Hursting

12:15 **Session V: Break, Lunch and Posters**

Not Accredited Symposia

Poster Director: Kathryn Albers, PhD

1:30 **Session VI: Advances in Precision Medicine: Clinical Utility Studies and Applications**

Moderator: Stephen J. Pandol, MD

1:30 Big Data and Precision Medicine

Raul Urrutia, MD

1:50 System Modeling and Precision Medicine

David C Whitcomb MD PhD

2:10 Role of N-of-One Trials in Precision Medicine

Nicholas J. Schork, MD

2:30 Panel Discussion

Drs. Urrutia, Whitcomb and Schork

2:40 **Session VII: Research Working Groups**

APPRENTICE (Acute Pancreatitis Patient Registry to Examine Novel Therapies in Clinical Experience)

Georgios I. Papachristou, MD, PhD and Bechien U. Wu, MD

PRIMO (Prospective Research in IPMN Management and Outcomes)

Michael Wallace, MD and Aatur Singhi MD PhD

Animal Models: Challenges and Opportunities to Determine Optimal Experimental Models of Pancreatitis

Brian Davis PhD, Miklos Sahin-Toth, MD, PhD and Paul Grippo, PhD

Robotics Pancreas Surgery Consortium Meeting

Melissa E. Hogg, MD, Herbert J. Zeh, III, MD and Amer Zureikat, MD

NPF Directors' Meeting: Participating in Pancreatic Therapeutic Development

David C. Whitcomb, MD, PhD and Matthew Alsante

4:15 *Adjourn Day I*

Evening Activity: Gateway Clipper Fleet and Baseball Game

(Guest pay: will have 2 payment options, for guests who do & don't attend the game)

Moderator: David C. Whitcomb, MD, PhD

Discussants: Dana Andersen, MD, Randall E. Brand, MD, Aliye Uc, MD
and Dhiraj Yadav, MD, MPH

8:00 **Welcome to Day II**

Randall E. Brand, MD and Herbert J. Zeh, III, MD

8:10 **Session VIII: Immunology and Pancreatic Disease**

Moderator: Patricio M. Polanco, MD

8:10 Immunotherapy Primer

Michael J. Hall, MD, MS

8:20 Adoptive T Cell Therapy

Udai Kammula, MD

8:40 Update on Clinical Trials in Chemoimmunotherapy in Preoperative Pancreatic Ductal
Adenocarcinoma

Nathan Bahary, MD, PhD and Herbert J. Zeh, III, MD

9:00 Panel Discussion

Drs. Hall, Kammula, Bahary and Zeh

9:10 *Break and Exhibits*

***Adult and pediatric sessions will occur simultaneously in separate rooms.
The groups will reconvene for the CAPER sessions in the afternoon.***

ADULT SESSIONS:

9:30 **Session IX: Technologic Advances in the Management of Pancreatic Neoplasms**

Moderator: Walter Park, MD, MS

9:30 Update on Pancreatic Cystic Biomarkers

Aatur Singhi, MD, PhD

9:50 Advances in Endoscopic Technology in Diagnosing Pancreatic Cancer

Michael Wallace, MD

10:10 Incorporating Genetic Testing into the Care of a PDAD Patient

Randall E. Brand, MD

10:30 Panel Discussion

Drs. Singhi, Wallace and Brand

10:45 **Session X: Novel Approaches in Pancreatic Cancer Surgery**

Moderator: Steven Hughes, MD

10:45 Outcomes from Robotic Pancreatic Surgery

Amer Zureikat, MD

11:05 Experience with Minimally Invasive Pancreatic Surgery

Marc Besselink, MD, PhD

11:25 Panel Discussion

Drs. Zureikat and Besselink

11:35 *Break, Lunch and Exhibits (Lunch courtesy of CAPER)*

12:05 **Session XI: The Ruth C. Brufsky Award for Excellence in Pancreatic Cancer**

Moderator: Nathan Bahary, MD, PhD

12:05 Introduction

Nathan Bahary, MD, PhD

12:10 The Ruth C. Brufsky Award for Excellence in Pancreatic Cancer Honorary Lecture:

Oncology Directions and Precision Medicine

Eileen M. O'Reilly, MD

12:40 Questions for Dr. O'Reilly

12:50 *Break and Exhibits*

PEDIATRIC SESSIONS:

9:30 Welcome and Pediatric Introduction

Sohail Husain, MD

9:40 Session IX A: Endoscopic and Surgical Interventions in Children with Pancreatic Disorders

Moderator: Kristen Critelli, MD and Veronique Morinville, MD

9:40 The Role of ERCP in Pediatric Pancreatitis

Quin Liu, MD

10:00 Cholecystectomy for Idiopathic Pancreatitis in Children?

Mark E. Lowe, MD, PhD

10:20 EUS and Other Modalities in Children

David Troendel, MD

10:40 Panel Discussion

Drs. Liu, Lowe and Troendel

10:55 Session X A: Puzzling Cases in Children

Moderator: Maisam Abu-El-Haija, MD and Nishant Patel, MD

10:55 Case Presentation: Autoimmune Pancreatitis, Tumor, or Neither?

Kate Ellery, DO

11:05 Case Discussion: Zachary M. Sellers, MD and Sameh S. Tadros, MD, MSc

11:25 Break, Exhibits and Visit Lunch Buffet

11:40 Session XI A: INSPIRRE Meeting

(International Study Group of Pediatric Pancreatitis In Search of a Cure)

Moderator: Aliye Uc, MD

12:50 Break, Exhibits and Rejoin Plenary Session

1:00 Session XII: CAPER Business Meeting and Awards Ceremony

Moderator: Georgios Papachristou, MD, PhD and Walter Park, MD, MS

1:00 CAPER Business Meeting

Georgios I. Papachristou, MD, PhD and Walter Park, MD, MS

1:10 CAPER Scholarship Awardee Recognitions

Vikesh Singh, MD, MS

1:20 Seession XIII: CAPER Lifetime Achievement and Mentoring Award

Moderator: Georgios I. Papachristou, MD, PhD

1:20 Introduction

Georgios I. Papachristou, MD, PhD

1:25 CAPER Lifetime Achievement Lecture

Stephen J. Pandol, MD

1:45 Questions for Dr. Pandol

1:45 Session XIV: CAPER Young Investigator Research

Moderator: Walter Park, MD, MS

1:45 Clinical Acute Pancreatitis

Peter J. Lee, MBChB

2:00 Pancreatic Cancer Biology: Pathophysiology of Pancreatic Cancer

Jose Trevino, MD

2:15 Using Genetics and Transcriptomics to Classify Pancreatitis

Celeste Shelton, MS

2:30 Imaging Biomarkers for the Evaluation of Pancreatic Cystic Lesions

Somashekar Krishna, MBBS, MPH

2:45 Panel Discussion

Drs. Lee, Trevino, Shelton, and Krishna

3:00 Adjourn PancreasFest 2018
